In Use For Over Thirty Years

CASTORIA

THE CENTRAL COMPANY, NEW YORK CITY.

The Use Made of Labor.

The use made of labor in this so-called Christian land and civilized government is appalling.

We read, "the way of the transgressor is hard," and for this doctrine we must give credit to the greatest commoner known to the world, Jesus Christ.

We are taught that brotherly love is the fundamental principle of Christianity, and to this doctrine we again give credit to that commoner born in the manger of Bethlehem.

We are taught that if our enemy smites us on the right cheek, to turn to him the left also, and if he asks of us our cloak, to give him our coat also. We are taught that we shall not kill, but upon the heels of all these pretty doctrines we bend our ear to the earth and hear the clang of mighty hammers, and we gaze down the avenues of industry and behold a forest of black-throated smoke stacks, each of which is belching forth its vulgar spray of toil, and each toiler drawing pay from a government which teaches all of the beautiful doctrines herein enumerated.

We enter the busy hive of grime toilers, and in amazement we behold in process of construction mighty vessels, and each of these vessels bristling with mighty guns, and we inquire, Why are these monsters of death made, and why are these deadly weapons being placed therein? and are told that we are preparing for war, when there is not a sign of a war cloud visible upon the horizon. We follow the paymaster as he makes his rounds and we learn that each year millions upon millions which are sweated from the pores of toil, are paid to men for building these terrible instruments of war, and we ask of the "Great White Father" at Washington, Why preachest thou the doctrine of brotherly love, and then preparest to destroy thy brother with these instruments of destruction?

On every Sabbath morning upon each of these vessels which carry these emblems of death couched about their deck, we behold a black garbed individual with sanctimonious face, and we ask what position he fills, and we are told that he is a direct representative of the lowly Nazarene, commonly called an army chaplain. And we ask by whom he is paid, and we are told that the same government which pays the men who build these monster death machines and preaches the doctrine of peace on earth, good will toward men, pays this black garbed, pious-faced army chaplain for preaching the doctrine of brotherly love, to the very iden-

tical men who for a price are hired by the government of the United States of America to build these death dealing instruments of war to destroy their brother whom this black garbed individual teaches that, should they smite you on the right cheek, you should turn your left and let them take a whack at it. "Consistency, thou art a jewel sought by many but possessed by few."

All over this land you will find an army of alms-gatherers going about begging money to send to foreign countries to teach the doctrine of Jesus Christ, and enlighten the heathens so as to enable them to understand the doctrine of brotherly love taught by the lowly Nazarene; but for every dollar raised to educate these heathens there is five spent by the civilized governments of this earth to build machines to kill and destroy those who already claim to be adepts in the doctrines of Jesus Christ.

What would you think of a neighbor who would tell you that he had an antidote that would subdue the savage nature of mankind, and that if the remedy was taken according to directions nothing but love and tranquility would dwell in the human bosom, and would insist upon your taking that remedy, and about the time you had begun to believe in the remedy, you would find that neighbor on the war path, and buying shot-guns and dynamite to blow the life out of you? Well, you would come to the conclusion that he needed to be drunched with his own remedy, or else his remedy was a fake, wouldn't you?

Well, what must the boys and girls of this country think, who sit under the eaves of the gospel and hear our preachers expound the doctrine of "peace on earth, good will toward men," and brotherly love, and the coat and cheek racket, and then step out upon the street and behold an army of men building war vessels and spending labor's hard earned dollars to destroy that doctrine they teach?

This country has too much "preach" and too little "practice," and until those who want to do all the preaching, practice what they preach they will have a hard time making the "yaps" believe in that brotherly love business; for when you tell me to love a fellow that you are loading your gun to kill, you are either a crank or take me to be. When those who claim to be our leaders undertake to tell us that they are building monster death machines in order to kill for Christ sake, they at once prove to any man of ordinary intelligence that either the teaching of the

Bible needs revising, or else we have a grumpy set to lead us as a civilized and Christianized nation.

JERE HOWARD.

Church Notes.

Mrs. G. W. Mathews, of Dublin, wife of Rev. G. W. Mathews, presiding elder of the Dublin district, was in Statesboro last Sunday and at night spoke in the Methodist church on the subject of missions.

Following the preaching service at the Baptist church last Sunday morning a subscription was raised for the purpose of state missions, at which more than \$800 was pledged. As indicating the interest felt in the cause, three individuals subscribed \$100 each.

The protracted services at the Statesboro Baptist church closed last Sunday night, at which time eleven persons were received into the church by baptism. In addition to this, three others were received by letters from other churches making fourteen accessions to the church as a result of the meeting.

HARDWARE MEN ORGANIZE.

W. G. Raines is Elected Chairman of the Association.

DUBLIN, July 2.—At the office of the Gilbert Hardware company, in this city Saturday afternoon, W. G. Raines, of Statesboro, C. M. Tillman, of Folsom, and Tillman McRae, representatives of the W. W. Robinson company and the Gilbert Hardware company, organized the Retail Hardware Dealers' Association of Georgia.

W. G. Raines was elected temporary chairman and C. M. Tillman secretary.

The chairman stated the object of the meeting and was instructed to correspond with the retail dealers of the state and invite them to meet at Macon July 17th, for the purpose of perfecting the organization.

It was stated that over 60 dealers had already cheerfully expressed a desire to join such a movement and it is confidently believed the 200 mark will be reached before the meeting.

Cotton in Burke.

Prospects for a full cotton crop in Burke county and adjoining sections are very poor, according to a statement made by W. H. Davis, representative from Burke county, one of the best informed cotton men of the state. Owing to the torrential rains which visited the section near Burke county about the middle of June the cotton was almost ruined, being beaten low to the ground.

The heavy rains practically ruined 25 per cent. of the crop, and it is feared that not more than 50 per cent. will be saved.—Atlanta Journal.

How's Your Liver?

It will pay you to take good care of your liver, because, if you do, your liver will take good care of you.

Sick liver puts you all out of sorts, makes you pale, dizzy, sick at the stomach, gives you stomach ache, headache, malaria, etc. Well liver keeps you well, by purifying your blood and digesting your food.

There is only one safe, certain and reliable liver medicine, and that is

Thedford's Black-Draught

For over 60 years this wonderful vegetable remedy has been the standard in thousands of homes, and is today the favorite liver medicine in the world. It acts gently on the liver and kidneys, and does not irritate the bowels. It cures constipation, relieves congestion, and purifies the system from an overflow of bile, thereby keeping the body in perfect health.

Price 25c at all druggists and dealers.

Stick Together!

Do you know the reason why the money aristocrats of this country have things the way they want them? Do you know why every national bank works hand in glove with one another, and why you never hear of any discord among them? Do you know why the manufacturers, who are protected by the tariff laws of this country, glide so greasily along their seeming route? Do you know why the railroads of this country never antagonize one another, and each of their officials are ever ready to help the other in any scheme or undertaking that may be set on foot? If so, then you have some idea why a lawyer would vote in the legislature in favor of those institutions.

Every act passed adds to the code of Georgia, the statute books of America, and patronage to a great professional business, and involves the farmer and laboring masses in greater mystery.

Then is it any wonder that you, Mr. Farmer, Mr. Mechanic, Mr. Laboring man, Mr. Clerk and Mr. Small Merchant, who want to cling together, stand around and hold old "Brindle" while your neighbors milk her?

What do you find among the farmers, blacksmiths, the wagon makers, the stone masons, the plasterers, the day laborers and clerks of this country? Ah, we find a set of sap-headed, this pated, batter-brained mortals, who do not know the first principles of "stick-togetherness," as either one of the above mentioned would unthoughtedly spend a half day's time and walk miles—wear out a pair of brogan shoes—going to some representative who sells the products of some "trust" to buy a spool of thread, if they knew they could get it for a penny less than some neighbor of theirs sold it. Yes, they would carry an oil can miles, while the thermometer might be to one hundred in the shade, in order to buy oil from a controlling "trust" for just one cent less, rather than buy it from a neighbor merchant who sells the product of an "independent refinery," but still these "short-crooked lunies" are the most loud mouthed in cursing the trusts in this country; but when Mr. Farmer wants a piece of machinery he shops around until he finds some place, and he buys it a few cents' cheaper than at some other place, and never asks a question whether it is made by the man or set of men who have been sitting astride of his ignorant head for the past forty years or not. And at this one point we see the need of educating the masses to their profession, as well as those who now control in every department and avocation in natural life, that those coming after us may not be hevers of wood and drawers of water for the powers that be.

You know, Mr. Voter, that you and your family have been "getting it in the neck" good and hard for the passed thirty years, but still you have never made sufficient defense yourselves against the money pirates of this country, but the offer of reformation is now made to you in plain and simple terms, and it is for you to act while the time and opportunity is afforded you—quit cursing the tariff laws and vindicate your rights at the ballot box, for your elects to, as honorable and faithful servants, do the balance.

So long as you sit round with long faces and cuss the "trusts" and do nothing more; just so long the "honorable men" (?) who sit with their patent leather "hoofs" elevated at an angle of forty-five degrees in our legislature and congress, continue to run it into our idiotic hides without grease, as they don't care a cent what we say, but it begins to make them feel in spots when we begin to do, and the time has come.

We can manage those only at the "ballot box" known as our law makers; if we will keep the purchasable vote out of the game, and that must be done, and the American spirit of 1776 will again prevail.

Now in the future, let's be men;

let's do our political business in a way to show the world that we appreciate the hardship and split blood of our forefathers for American liberty and white supremacy.

This is what we need and it is our duty just at this time to lay men and party by and vote for justice and principle.

We have been paid off in promises long enough, don't you think so? Same J. HOWARD.

NO TEARS FOR HER.

Girl Refused to Marry Because of Rain.

CHICAGO, July 6.—After journeying to Laporte, Ind., to escape the prying eyes of friends who were planning all the foolish things that people think is proper to do at weddings, Miss Laura Gould, daughter of Edwin W. Gould, a well-to-do man, refused to be married because it was raining.

The bride-to-be was standing in position with her fiancé, John B. Riley, and Justice Beam was about to perform the ceremony, when she hesitated. She said that to be married on a rainy day meant a life of tears, and she had concluded she would not get married until it cleared up. The party started back to Chicago to await a clear day.

EXCURSION RATES

Via Central of Georgia Railway.

To Florida, Ga., account Holmes Camp meeting, August 6-22, 1906, one fare plus 25 cents round trip from all points in Georgia; tickets on sale August 5 to 21 inclusive, final limit August 23.

To Roanoke, Va., account National Firemen's association, August 14-16, 1906, one fare plus 25 cents round trip from all points in Georgia; tickets on sale August 5 to 21 inclusive, final limit August 23.

To St. Paul or Minneapolis, Minn., account National Encampment Grand Army of the Republic, August 13-18, 1906, very low excursion rates; tickets on sale August 10, 11 and 12, 1906, final limit August 31, except that an extension to September 30, 1906, can be obtained under the usual conditions.

Georgians at Chautauqua.

CHAUTAUQUA, N. Y., July 5.—Chautauqua Institution at Chautauqua, N. Y., parent of all the summer chautauquas, draws largely from the southern states. Despite the barriers of distance, it is not uncommon to find Georgia, Texas and Florida following closely on the heels of New York, Pennsylvania and Ohio in the number of persons at Chautauqua from the various states. The stately groves and shady beaches, with the facilities for boating, bathing and summer games, together with the varied program composed of the best in music, literature and education, presents a strong appeal to people of the south who contemplate spending in the north some part of the summer months.

Among those already at Chautauqua from Statesboro is Fred A. Brinson, who is spending the season at Snow Cottage.

The thirty-third annual Chautauqua Assembly opened last Thursday afternoon under circumstances more than usually auspicious. The number of persons at Chautauqua on opening day was larger than usual, and that fifty per cent more cottages than usual are already rented is indicative of what may be expected for the success of the season. The ten months intervening since the close of the season 1905 has witnessed many substantial betterments in physical Chautauqua, most noteworthy being the new Hall of Philosophy, on the site of the original edifice which has long been the shrine of the C. L. S. C. The new Hall typifies that idea of permanency which pervades the recent Chautauqua architecture, being constructed of massive concrete with a roof of masonry oak. The pillars are classic reproduction of Doric columns and the open roof of wood is also classic type from the fifth century B. C., so that the new Hall presents one of the finest examples of classic Greek architecture in America. It will be formally dedicated Recognition Day, but is already in use.

The old picket fence, which was the somewhat famous feature of early Chautauqua, is being supplanted with a neat fence of iron

not so high and not the least unsightly but even more effective for the purpose for which it was erected. The grading of the streets and shrubs together with re-painting of Athenaeum Temple and Arcade have made physical Chautauqua more attractive than ever.

The famous Chautauqua summer schools open July 7th, as does also the New York State Institute for teachers held each summer at Chautauqua, and offers exceptional advantages for those interested in educational work.

A Home Institution.

There is nothing of more importance to you than the welfare and protection of your home and loved ones. While you are in health and living you can and will provide for them, but how will it be when you are taken from them? We have an organized institution here in our own county that proposes to protect your loved ones when the bread earner has passed to the Home Fraternity Association, of Statesboro, Ga. It is with pride that its managers can point to the splendid record of the past year, 404 members have been enrolled, thus affording protection of nearly half a million dollars to the citizens of Bulloch county. Each of the ten men at the head of this institution are well known citizens of the county, all of whom command the respect and confidence of our people. On July 3rd they held their annual meeting, electing the following directors and officers: Wayne Parrish, R. E. Proctor, G. R. Bensley, R. F. Donaldson, J. J. Williams, W. S. Lee, L. H. Kennedy, A. L. DeLoach, J. Z. Kendrick, W. B. Martin.

The officers elected were Wayne Parrish, president; W. B. Martin, treasurer; B. E. Proctor, secretary and general manager.

How's Your Liver?

It will pay you to take good care of your liver, because, if you do, your liver will take good care of you. Sick liver puts you all out of sorts, makes you pale, dizzy, sick at the stomach, gives you stomach ache, headache, malaise, etc. Well liver keeps you well, by purifying your blood and digesting your food.

There is only one safe, certain and reliable liver medicine, and that is

Theford's Black-Draught

For over 60 years this wonderful vegetable remedy has been the standby in thousands of homes, and is today the favorite liver medicine in the world. It acts gently on the liver and kidneys, and does not irritate the bowels. It cures constipation, relieves congestion, and purifies the system from all overflows of bile, thereby keeping the body in perfect health.

Price 25c at all druggists and dealers.

Validation of Bond Issue.

TO THE PUBLIC:

Take notice that the Town of Metter is seeking to issue bonds for the purpose of erecting a school building in said town, as authorized by Paragraphs 1 and 2, Section 7, Article 7, of the Constitution of the State of Georgia.

That, after due notice, an election was held in said town on the 24th day of April, 1906, to determine the question of bond issue as required by statute, and said election was prima facie in favor of the issuance of said bonds.

That notice of the result of said election was served personally on the Honorable Alfred Herrington, Solicitor General of the Middle Judicial Circuit, wherein the town of Metter does lie.

That the said Solicitor General has filed in the office of the Clerk of the Superior Court of Bulloch county, in which county does lie the Town of Metter, a petition, as required by statute, to the Superior Court of said county, to validate and confirm said bond issue, and has obtained from the Judge of said Court an order requiring the Town of Metter, by its proper officers, to show cause before said Judge at Chambers in the City of Savannah, Ga., on the 14th day of July, 1906, why said bonds should not be validated and confirmed.

The public is notified that on that day the said cause will be heard.

This, the 3rd day of July, 1906.

R. F. LESTER, Clerk Superior Court Bulloch County.

SOCIALISTS NAME TICKET.

Adopt Resolution Against Negro Disfranchisement.

ATLANTA, July 4.—The Socialists of Georgia to-day nominated a blind man for Governor, J. B. Osborne of Atlanta, known sometimes as the blind orator.

A platform of principles was adopted unanimously reaffirming the principles of the National Socialist party and declared strongly against negro disfranchisement as opposed to the labor interests throughout the state.

The following state ticket was nominated by unanimous vote:

Governor, J. B. Osborne of Atlanta; secretary of state, Dr. George H. Ehrhorn of Augusta; controller general, Max Wilk of Atlanta; state treasurer, P. P. Branch of Augusta; state school commissioner, Mrs. M. A. Thomas of Augusta; Attorney General, J. Allen Mette of Augusta; prison commissioner, A. J. Estes, Buchanan; commissioner of agriculture to be appointed by the executive committee.

The following new state executive committee was chosen: A. Schwartz, Atlanta; Martin Connor, Waycross; J. Allen Mette, Augusta; Dr. George H. Ehrhorn, Augusta; Max Wilk, Atlanta; Dr. S. J. McKnight, Dalton; C. A. Hubbard, Atlanta; J. B. Osborne, Atlanta; A. J. Morgan, Valdosta; Miss Lillian Thomas, Augusta, and John Geiss, Atlanta.

Area of Jenkins.

MILLEN, Ga., July 5.—A geographical survey of Jenkins county, a clerk of which is now on file in the clerk's office, shows that the county contains 352 square miles of territory.

It was thought when the county was created that its territorial bounds would contain 400 square miles.

The territory is made up of 155 square miles of Burke, 105 square miles of Emanuel, 52 square miles of Screven and 50 square miles of Bulloch.

MAKE DAILY REPORTS.

Savannah City Clerk Was Short in His Accounts.

SAVANNAH, July 6.—Alderman James M. Dixon, chairman of the finance committee of council, has given out a statement in connection with the recent shortage in accounts of J. Robert Creamer, clerk of council. Mr. Creamer made up the shortage by the deposit of a certified check of July 3rd.

Alderman Dixon discovered the shortage through the checking up of the books by the city auditor. His account of the matter differs little from that sent out to the newspapers from here. An entirely new order of things is now in vogue at the city hall. The clerk of council must now make his returns every day and the city treasurer is instructed when they are not so made to notify the mayor.

MAN DRESSED UP.

Bought New Suit After Fifteen Years.

CHICAGO, July 6.—August Manthay last week bought the first suit of real new clothes he has had in fifteen years and yesterday his former wife had him in Judge McEwen's court and accused him of trying to be a sport. From the testimony of the woman it appeared that there was due and payable to her the sum of \$75 by way of alimony. This trial fact was brought to the attention of Judge McEwen and that official called upon Mr. Manthay to explain.

"It is true," said Manthay, "that I bought a new suit of clothes, but it was the first new suit I have had in fifteen years, and I really needed it."

The court gave him till Tuesday to settle it.

For Congress.

To the Citizens of Bulloch County:

I am a candidate for Congress from this District and respectfully solicit your vote and influence in the next primary election. I thank you for the strong support you gave me in the last campaign, in which I was defeated by only a few votes. If nominated and elected, I will endeavor to do my full duty and be faithful to the people's interests.

Respectfully,
J. A. BRANNEN.
Statesboro, Ga., Jan. 1st, 1906.

POLITICAL ANNOUNCEMENTS.

For Clerk Superior Court.

To the Voters of Bulloch County:

I hereby announce my candidacy for the office of Clerk of the Superior Court of Bulloch County at the ensuing election, subject to the Democratic nomination. Mr. A. E. Temple. We know him to be in every way qualified for the duties of the office, and we vouch for his integrity.

Respectfully,
ENOCH L. BRANNEN.

To the Voters of Bulloch County:

I announce herewith my candidacy for Clerk of the Superior Court, subject to the Democratic nomination. I elected to the office I promise to give my best efforts to a faithful discharge of the duties thereof.

Respectfully,
J. W. ROBERTSON.

To the Voters of Bulloch County:

I hereby make my announcement for the office of Clerk of the Court, complying with the terms of the executive committee of the Democratic party. In making the race I am actuated by a desire to fill the office to the satisfaction of the citizens if elected. Every ballot cast for me will be thankfully received and appreciated.

Respectfully,
S. J. WILLIAMS.

To the Voters of Bulloch County:

At the request of many friends I have decided to announce for re-election at the coming Democratic primary. Thanking the public for the trust reposed in me in the past, will highly appreciate their support for the next term. Will, if elected, do my best to give efficient service.

Respectfully yours,
R. F. LESTER.

For Sheriff.

To the Citizens of Bulloch County:

I hereby announce myself a candidate for re-election to the office of Sheriff of Bulloch county, subject to the Democratic primary. I feel that I pledge myself to perform the duties of the office to the best of my ability, and respectfully solicit the votes of the people of this county.

Respectfully,
JOSEPH F. OLLIVER.

For County Surveyor.

At the suggestion of friends I have decided to respectfully solicit your vote and influence at the approaching primary. If elected to the office, I will strive to show my appreciation by faithful attention to the duties.

Very truly,
J. E. RUSHING.

For Tax Collector.

I hereby announce myself a candidate for the Democratic nomination for the office of Tax Collector of Bulloch county at the next election. I am a Bulloch county boy, whose life is known to every citizen of the county. If you deem me upright and worthy of the office, I will heartily appreciate your support.

S. C. ALLEN.

For Tax Receiver.

I am a candidate for the office of tax collector of Bulloch county, subject to the Democratic nomination. I respectfully solicit the support of all the people, and promise, if elected, to discharge the duties of the office to the best of my ability.

Very respectfully,
W. S. LEE.

For County Treasurer.

At the solicitation of many friends, I am a candidate for Tax Receiver of Bulloch county, subject to the Democratic nomination. If you can give me your support for the office, I will heartily appreciate it, and will endeavor to show my appreciation by careful attention to the duties of the office.

J. G. JONES.

For Representative.

I take this method of announcing myself a candidate for re-election to the Lower House of the General Assembly of Georgia, subject to the action of the Democratic primary. I fully appreciate the support given me in the past and will do my best to merit the same in the approaching primary.

Respectfully,
J. E. ANDERSON.

For County Treasurer.

I again ask your support for the office of County Treasurer, subject to the Democratic nomination. During my incumbency of the office I have tried to discharge my duties honorably and correctly. I thank you for your support in the past, and will thank you for your continuance if you still think me deserving of the office.

W. W. DRUMACH.

For Representative.

I take this method of announcing myself a candidate for re-election to the Lower House of the General Assembly of Georgia, subject to the action of the Democratic primary. I fully appreciate the support given me in the past and will do my best to merit the same in the approaching primary.

Respectfully,
J. E. ANDERSON.

CHRONIC DISEASES.—Sufferers with chronic diseases, such as Rheumatism, Gout, Gravel, Dropsy, Neuralgia, Migraine, Headache, Stomach Troubles, Indigestion, Nervousness, Sleeplessness, etc., will find relief in the use of Dr. King's Medical Co.'s "Chronic Diseases" medicine. It is a powerful purgative, and will cleanse the system, and give the system a new lease of life. It is a powerful purgative, and will cleanse the system, and give the system a new lease of life. It is a powerful purgative, and will cleanse the system, and give the system a new lease of life.

SORRIER & BRANNEN, Agents.

BIG DAY AT METTER

Veterans Were Entertained in Royal Manner.

THOUSANDS OF PEOPLE PRESENT.

Athens, was master of ceremonies and introduced the speakers briefly and pleasantly.

Among those most active in preparing for the occasion were G. R. Trapnell, chairman, and A. J. Bird, secretary of the committee on arrangements. They were assisted by Dr. W. D. Kennedy, J. O. Kirkland, J. R. Dixon, W. L. Jones and others.

Not a criticism could be passed on Metter's treatment of the crowds. It was perfect—it was great! She has, however, just cause for complaint against the Central railroad for the inconvenient train service provided. The train from this direction should have reached Metter at 10 o'clock instead of 11:30, and should have given seven hours in the town instead of three and a half. Next time the railroad people will probably give her more consideration, and we hope to go to Metter again next year if they want us to.

PARKER HITS TAFT.

Denies That Taft's Party Have Made New Laws.

NEW YORK, July 12.—Secretary Taft's speech, delivered at Greensboro, N. C., has called forth a spirited reply from former Judge Alton B. Parker, who takes exception to Mr. Taft's statement regarding anti-trust prosecution.

Judge Parker declares that the secretary in his speech sought to have the public draw the inference that the recent prosecutions of alleged illegal combinations are due to new statutes.

To this Judge Parker takes exception and to support his contention he quotes from his letter of acceptance and a speech delivered during the last presidential campaign. In both the speeches and the letter Judge Parker is quoted as saying that the laws then on the statute books were entirely adequate if enforced.

Judge Parker in his statement says:

"The inference that Secretary Taft would have the public draw from his utterances, is that these things are due to new statutes; and the vindication which the law is now receiving is due to congressional action since 1904. But it is not so."

"Not one of the successful prosecutions for which the existing administration is now entitled to credit, is based on any new statute. Every single one of them, down to the last, rests solely on the law as it stood in 1904, and it should not be lost sight of by the discriminating public that the law could have been enforced in 1904 and in 1903 and in 1902, just as well as today. Had it been the wrongs from which the people have suffered would not have so multiplied."

"Secretary Taft's speech at Greensboro, N. C.," says Judge Parker, "was interesting throughout, but it cannot be said that it was accurate throughout."

SISTER SLEW BROTHER.

Dead Man's Wife Assisted in the Plot to Kill.

SEATTLE, Wash., July 14.—Mrs. Mand Creffield, widow of the "Holy Roller" prophet, who was killed by George Mitchell, was arrested yesterday charged with planning with Esther Mitchell to kill George Mitchell who met death at the hands of his sister Thursday night.

Mrs. Creffield frankly admitted that she and Esther Mitchell, because of whom George Mitchell had killed Creffield, had entered into a compact to kill the slayer of her husband. She will be kept in custody as an accomplice of the girl who killed her brother because he slew the man who wronged her.

Esther Mitchell made a statement yesterday evening in which she clearly admitted the plot to kill her brother. She said:

"Mrs. Creffield and I talked over the matter of killing George. Mrs. Creffield bought the gun, and it was decided that the one who had the best chance was to do it. I thought I would have the better chance as my brother wanted to see me and I believed that he would think nothing about my going to the depot. I took the gun and it was agreed that I should do it and as soon as possible. I went to the depot with Perry and Fred, my brothers, and saw George and shook hands with him. He and Perry were walking in front and Fred and I were walking behind. I was walking toward the door and George was in front of me. It was the chance I wanted and I shot him."

The spirit of the "Holy Roller" is said to have appeared to Esther Mitchell and to have urged her to avenge his death.

When George Mitchell was tried for the killing of the prophet it was claimed that he had done nothing more than a brother should do in avenging the wrong done his two sisters by the prophet.

HARDWICK MAKES SPEECH.

Then Smith Club Is Organized With 500 Members.

CARTERSVILLE, Ga., July 13.—Following the speech of Congressman T. W. Hardwick, here Wednesday, Bartow county Hoke Smith club was organized and permanent officers elected.

The Bartow county Hoke Smith club begins active operations today with a membership of 504 active representative citizens of the county, who have gone to work with a determination of giving Hoke Smith the largest vote ever given any man for any office in this county.

Congressman Hardwick's speech here yesterday settles all doubt as to the disfranchisement question, and Hoke Smith's position on this question will be fully endorsed on the day of the primary. Every white man in Bartow county intends to vote even if they swallow the pill prepared for them by the ring rule executive committee, who disregarded the wishes of their constituency and shook their fists in the faces of the common people of Georgia.

Mr. Hardwick said he was for Hoke Smith for governor because he represents the people of Georgia against ring rule and predicts for Mr. Smith the largest vote ever accorded a candidate for governor in the history of the state. The mention of Hoke Smith's name was a signal for the greatest applause, which lasted until the speaker raised his hand for quiet.

AGAINST BUYING VOTES.

Bill Makes It Misdemeanor to Buy or Sell.

ATLANTA, Ga., July 12.—A purser ballot box system in Georgia is the purpose of the measure by Mr. Wright, of Richmond, passed by the house this morning by a vote of 111 to 3. The objects of the act, which is in the form of an amendment to section 626 of the penal code of Georgia, relative to the buying or selling of votes, are:

To make it also a misdemeanor to contribute money for such illegal purposes.

To make the guilty parties competent and compelled witnesses against each other just as in gambling cases, provided always that such testimony cannot be used in any prosecution against the witness.

To make the provisions of the section cited applicable to a primary as well as a final election.

And finally to make it illegal to hire qualified voters or for voters to be hired to canvass for or to influence voters in behalf of any candidate.

MEMEN AND WOMEN DRINK ITS

JUICE TO HEAL THEIR ILLS.

STRANGE POWER AND FASCINATION OF REMARKABLE PLANT OF AUSTRALIA.

Also Said to Grow in Certain Mountainous Regions of This Country.

These distressing diseases—which are found in three-fourths of our families, and which annually destroy the happiness of thousands of homes.

At a great deal of trouble and expense Col. Dillingham has succeeded in obtaining a quantity of the roots of this remarkable plant of which Plant Juice is prepared, combined with 14 other healing roots and herbs.

This remedy has been tested in almost all known diseases with remarkable results. Even doctors admit its wonderful power. A physician who tried it on one of his patients says:

"To give you an idea of its virtues, I will report a case which is common to convince the most skeptical. George W. Herring, of Thomasville, Ga., aged 62 years, was suffering from salt rheum and erysipelas of thirty years standing. Limbs to the knees and arms to the elbows were covered with eruptions, interrupted by deep fissures. Appetite poor, bowels so constipated as to necessitate from twenty to forty pills to produce an action. As he had exhausted the pharmacopoeia (all known remedies) in vain, I had little hope of relieving him and certainly had no idea of a cure."

"However, I placed him on Dillingham's Plant Juice, giving him three doses per day. In two weeks the eruptions had entirely disappeared from his limbs, the appetite was good and the bowels regular. The remedy has now been discontinued for some time and the patient is well for the first time in thirty years."

"I have used Dillingham's Plant Juice in scrofula with happy results, enlarged glands disappearing readily under its use."
